

To whom it may concern,

I am interested in the IT senior level position and have a successful history of delivering corporate initiatives by serving as a conduit between business and technology.

My goal is to deliver cost-efficient technology, information security, and transformation programs through people management, process improvement, and technology selection. I have diverse experience working for Fortune 1000 organizations, Big Four and top consulting firms, and leading technology vendors across various industries.

I am seeking a senior Information Systems/Security leadership management-level position within your organization.

I have a successful history of delivering Identity and Access Management (IAM), Governance, Risk and Compliance (GRC), Cloud Transformation, and other IT initiatives within corporate budgets and timelines. I am confident in my ability to provide industry-specific leadership to grow and manage organizations towards achieving strategic objectives.

Please review my resume and feel free to contact me at (952) 956-2084. Thank you for your time and I look forward to your reply.

Sincerely,

Vineet Gupta
